

## AC-KIT\_LT05-000

## Laptrigger transmitter KIT System fixed code

### Function

- The 2D laptrigger system is based on an infrared link with a code to suppress the effect of other light sources like sun or other lap trigger systems.
- **Note: The address can not be changed in this cup version !**

### Technical specifications

#### Electrical characteristics

Power supply.....	8-18 V
Measure distance.....	about 15 m
Adjustable channel codes.....	fixed code

#### Remark

Laptrigger Receiver : Art.No. : AC-LT02C-000  
 → Product group : [Sensor digital]

#### Mechanical characteristics

Ambient operating range.....	-25..+70 °C
Housing material.....	PVC
Weight.....	140 g
Dimensions.....	90 x 40 x 25 mm
Cable	
type.....	Metrofunk, PVC
wire cross section.....	3 x AWG 22
length.....	1250 mm

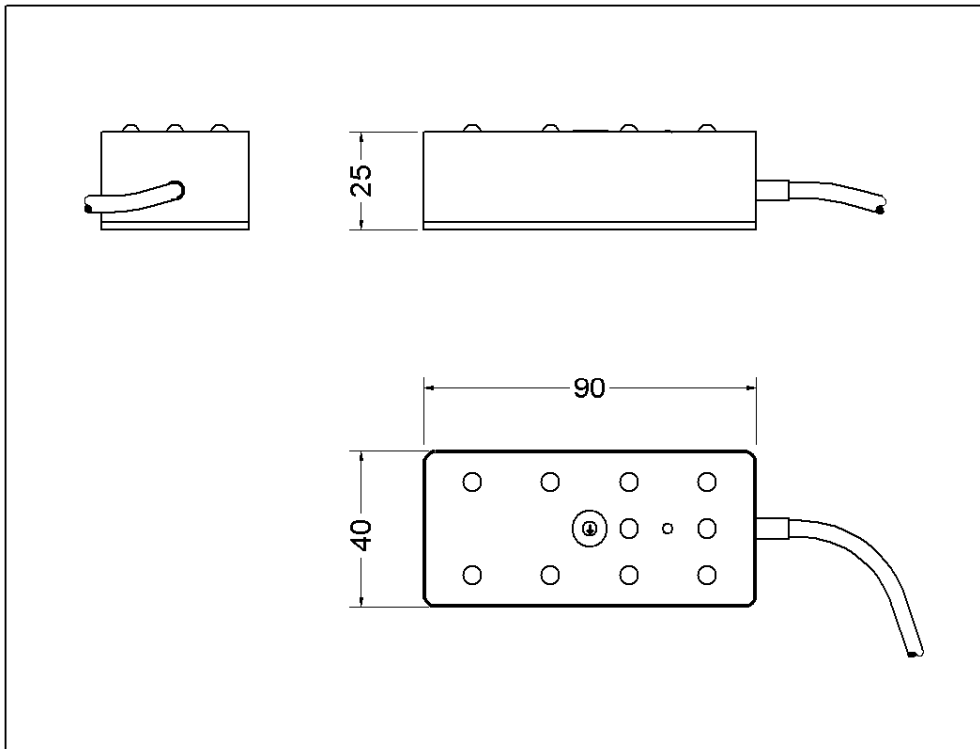

### Ordering information

Art.No.:..... AC-Kit\_LT05-000

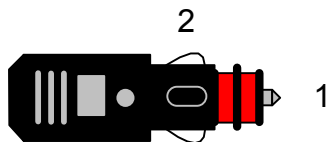

**AC-KIT\_LT05-000**

**Laptrigger transmitter KIT System fixed code**

**Dimensions**

**Connector layout**

Pin	Name	Color	Remark
1	+12V	Red	Cigarette lighter connector
2	GND	Black	

Cable: PVC-cable 3 x AWG 22  
 A = 1250 mm
